4-H ENTOMOLOGY

RULES:

- A. 9" x 12" folding cardboard insect-collection boxes available through UK College of Agriculture, Department of Entomology, should be used. Homemade or purchased wooden exhibit boxes may be used instead. They must be approximately 18" x 24" and not more than 3 1/2" thick with Plexiglas or glass covers and cellotex pinning bottoms (or plastazote or polyethylene pinning bottoms available from entomology supply stores such as Bioquip.com). Boxes must be easily opened (for instance; if a screw is used to secure Plexiglas tops, use a thumbscrew fastener instead of a fastener that requires a tool).
- B. Specimens are to be arranged so the box can be exhibited horizontally.
- C. Identification labels available from your County Extension Office must be used, or custom labels may be printed if they conform exactly to the font, font size, and font color of the official labels. Labels should be printed onto white cardstock. The exhibit identification card should be placed on the front of the box (each box). Instructions for pinning and labeling are included in your project literature.
- D. One-half of the specimens may be from the previous year's collection or from anywhere in the United States; one-half or more must be Kentucky insects collected since the last Alexandria Fair.
- E. For the first through fifth year projects, a display collection catalog must be attached to the back of the box in an envelope. Envelopes should be attached to permit them being opened easily to remove catalog from them.
- F. Most specimens in the display cases should be pinned, and the use of vials is discouraged. If vials are used, they may account for no more than 2% of a collection. Vials must be securely wired or pinned to the pinning bottoms.
- G. The inclusion of non-insect specimens (spiders, e.g.) is encouraged, but because this is primarily an insect collection, and because non-insects do not preserve well on insect pins, points will be deducted if there are more than one specimen from each non-insect class.
- H. No extra credit will be given for specimens exhibited beyond the numbers listed in the current project books.

4-H ENTOMOLOGY (continued):

CLASSES:

- 4-H-88 First year project (Up to three 9" x 12" official cardboard boxes, or up to two 18" x 24" wooden boxes, with minimum of 25 insects, maximum 50 insects, from at least four orders. Identification beyond order not necessary. All specimens must have date and locality label.)
- 4-H-89 Second year project (Up to three 9" x 12" official cardboard boxes, or up to two 18" x 24" wooden boxes, with minimum of eight orders and not less than 50 insects, nor more than 100 insects.) Half of the insects should be identified with a common name.
- 4-H-90 Third year project (Three 9" x 12" official cardboard boxes, or two 18" x 24" wooden boxes, with a minimum of 10 orders and 100 insects, a maximum of 150 insects.)

HONEY

Honey will show better in oval, flat sided to square clear glass containers. 4-H'ers **must** use standard honey jars except for the class using wide-mouth mason jars or wide-mouth honey jars. The jars and lids must be clean. Fill jars to within ½ inch of top.

- 4-H-197 Color Collage. (pp. 7-8, activity 3). A collage of color created by the member to depict colors liked by the member. A collage is made up of a collection of objects (such as paper, fabric, wrapping paper, wallpaper, carpet, or other materials) artistically arranged and adhered to a mat board or foam core board.
- 4-H-198 Texture Collage. (pp. 8-9, see activities 1 & 2). A collection of textured items or rubbings of textured items artistically arranged and adhered to mat board or foam core board.
- 4-H-199 Transparent finish applied to small wood object. (p. 16) Apply a clear finish such as tung oil or penetrating seal or polyurethane which does not include stain to a small wood object such as a bowl, tray, board game or box. A transparent finish allows the wood grain to show through. Judging emphasis will be on how well the object is prepared for the finish and how well the finish has been applied, not the construction of the wood object. The wood object may be made by the member, made by someone else, purchased or found. Items that are stained or finished with paint do not fit in this class.
- 4-H-200 Simple cloth item for the home (Sewing machine may be used but is not required.) Examples: decorative pillow, tablecloth, laundry bag, place mats; draped valance with accompanying photo showing end result; footstool with a seat made of woven fabric; fabric applied to an item such as a box, plate, or lampshade. Unacceptable: purses, tote bags, backpacks, duffle bags.
- 4-H-201 Wastebasket (p. 14) decorated by member
- 4-H-202 Crate Book Shelf (p.14) Designed and created by member.
- 4-H-203 Bulletin board (must be ready to hang with appropriate hardware attached).

UNIT II – Living with Others

- 4-H-204 Decorative item for the home and photo - created by the member as part of a 4-H Home Environment project.
- 4-H-205 Simple wood item refinished by the 4-H member (pp. 14-15) - Item should have straight lines with no elaborate carvings or turnings. (The idea is to learn how to apply a new finish such as paint, stain, varnish, polyurethane, etc. to a simple wooden furnishing that's already in use.) Documentation is to include a "before" photo with explanation of how the item was refinished and must be securely attached. Examples: refinished footstool, children's furniture, small box, tray, picture frame, bookshelves, and plant stand.
- 4-H-206 Cloth item for the home created using a sewing machine. (p. 12-14) – Examples: hemmed tablecloth or table runner, wall hanging, pillow, pillow case, and flat-panel hemmed curtains. Unacceptable: purses, tote bags, backpacks, duffle bags.
- 4-H-207 Invitation and thank you letter/note—Design an invitation and thank you letter/note for a sleepover, birthday party or other occasion of your choice. (p. 6-7) Cards/letters may be created with computer software or handwritten. Decorations on the cards/letters may be member's original artwork, computer-generated art, purchased or found decorative items. The message written in the card or letter is more important than the decorations. Place each card/letter in a plastic sheet protector. (For the fair, it is best to use a fictitious address and contact information on the invitation or thank you.)
